Financial Policy and Procedures 2021

+The Mission of the United Methodist Church

The United Methodist Church is a connectional Church, which means in part that every local Church is interrelated through the structure and organization of districts, conferences, jurisdictions, and central conferences in the larger —family|| of the denomination. *The Book of Discipline of the United Methodist Church* describes, among other things, the ministry of all United Methodist Christians, the essence of servant ministry and leadership, how to organize and accomplish that ministry, and how our connectional structure works (see especially ¶¶ 125-138). Our Church is more than a structure; it is a living organism. The Discipline describes our mission to proclaim the gospel and to welcome people into the body of Christ, to lead people to a commitment to God through Jesus Christ, to nurture them in Christian living by various means of grace, and to send persons into the world as agents of Jesus Christ (¶122). Thus, through you—and many other Christians—this very relational mission continues.

Overview

This document puts in place a comprehensive view of the financial policies and procedures used at Jones Memorial United Methodist Church. This document is intended to provide clear guidance to finance committee, staff, members and ministry leaders on the procedures that safeguard appropriate use of Church funds. The finance committee focuses on the governance aspects of the Church’s finances insuring management operates the day-to-day financial operations of the Church in accordance with these policies and procedures.

Job of the finance committee

The job of the committee on finance is to identify, perfect, and oversee the finance system for the congregation. The finance system is the processes of raising, managing, and dispersing the finances so that the mission and vision of the congregation can be achieved (Guidelines, p. 6). The Bible speaks frequently about money and wealth and emphasizes the importance of generous giving (see Proverbs 22:16; 2 Corinthians 8-9), wise investment (see Luke 16:10-13); debt management (see Proverbs 21:20; 22:7), prudent fiscal oversight (see Luke 12:13-21; Acts 4:32-35); and appropriate attitude (see 1 Timothy 6:10) ...Whatever income and expense is generated by the Church is ultimately for the work of ministry (*Guidelines, p. 8*). A critical component of this ministry is recognition of the historic differences between Christian stewardship and funding ministry.

Funding ministry, often called "fundraising," consists of the varied tasks associated with gathering funds to enable ministry to take place. Underlying and supporting these tasks, however, is the conceptual discipline of stewardship. In our tradition, we understand ourselves as stewards who respond to our giftedness. It is this balance between the "what" (fundraising) and the "why" (stewardship) that is the genius of Wesleyan Financial leadership (*Guidelines, p. 8*). *From *Guidelines for Leading Your Congregation 2005-2008: finance, (p. 6-8)*. Banking

Checks will be considered stale dated after 6 months. The Finance Manager will either reissue a new check or return the funds to the correct account. This will be determined by a discussion with the person who issued the

original check request. The bank reconciliation is performed monthly by the Treasurer/Finance Manager and reviewed by a finance committee chair and or designated finance committee member.

The policy on stock donations is to sell the investment, as soon as all the paperwork is in order and to deposit the funds into the correct account per the donor's instructions.

Rental Income

The Finance Manager has a current list of the specific charges for building usage such as wedding deposits and building use fees for non-members. Patrons will be invoiced and the fees will be given to the Financial Secretary for deposit.

Internal Financial Control Policies

The internal controls are a system of special purpose processes and procedures designed and practiced for the primary purpose of protecting our members as well as for preventing or deterring fraud. The internal controls fall into two categories, active and passive.

Active Controls

Signatures and Countersigning on check requests

Original voucher

Limit accounts to one bank

Limits on Credit Cards

Two signatures on all checks (the signatures shall not be those of paid employees, exception, Finance Manager)

The Finance Manager and Pastor will physically review all checks and credit card payments monthly as well as visually inspect the check book sequence. A summary will be sent to the chair of the Finance Committee.

Segregation of Duties

Segregation of Duties means that there are processes and procedures to require that duties must be divided among a number of people so that no one person or group can obtain Church cash by fraud. The following are done by different individuals for segregation of duties. No one person handles more than one step:

Cash receipt counting must have 3-5 counters and at least one member of the finance committee must be present during the counting. Family members cannot count together. Staff members cannot be counters, (exception of Financial Secretary) No one is to enter the count room during the counting. All deposits go through the counters.

Contribution deposits must be verified by 2 counters and reconciled by the Treasurer/Finance Manager.

Entering contributions and reconciling to the deposit receipt is performed by or under the supervision of the Financial Secretary.

Employees cannot be check signers. (Exception- Finance Manager)

A copy of all bank, safety deposit box, and investment signatories must be on file in the Church office. These should be updated annually.

Passive Control

Focused audit on internal controls, which is done along with reporting audit

Periodic external audit, timing to be determined by the Finance Committee and performed at minimum every second year.

Stored backup of receipts to match deposits and checks

Financial procedures are normally audited every two (2) years

Independent CPA will:

Analyze and oversee accounting data on a monthly/quarterly basis and make necessary adjustments/entries to reflect accrual accounting.

Review quarterly investment statements and make adjusting entries to record earnings or losses.

Review monthly payables to ensure no duplicate entries were made.

Monitor agency fund activity to ensure that transfers between funds are properly recorded.

Monitor the reconciliation of contributions to the general ledger.

Annual review of the Financial data will include ensuring expenses are recorded in year they were incurred.

Generate monthly/quarterly internal financials along with planning schedules that will enhance the budgeting processes.

Provide assistance to staff for proper coding and recording to minimize mistakes in the initial accounting.

Perform general quarterly account reconciliations of all accounts and all other general CPA functions as outlined in the contract.

Provide unlimited consultation regarding accounting, tax and business matters throughout the year.

Operating Budget

The Church's annual operating budget establishes the frame-work for the programs that the Church will undertake during the program year. Each finance committee member is responsible for reviewing budget recommendations initially developed by staff members and program committee chairs for the programs and activities in their ministry areas. The Staff Parish Relations Committee provides staff compensation input.

Budget requests for each coming calendar year are due from staff and program chairpersons to the finance committee by August 15th of each year. This will enable the finance committee to have a budget prepared for distribution at the annual Church charge conference usually held between October-December.

Once the budget is approved by the finance committee and presented for approval to the Administrative Council, the funds (as approved for the fiscal year) may be used by their department chairs without formal finance committee authorization. Because the operating budget is dependent on contributions, cash flow varies throughout the year. During some years the finance committee may require that budgeted discretionary expenses over a certain amount receive finance committee approval before being spent. A motion passed by the finance committee, recorded in the finance committee minutes and communicated to program chairs, would evidence this requirement.

Contracts

Contracts should be on file for regularly provided services. Balancing invoices against contracts will be done by the Finance Manager to make sure charges are correct. Bids will be sought whenever prudent and practical.

Procedures for Approval of Budgeted Purchases

Accounts payable generally come in two forms: bills received through the mail and presentation of requests by members, clergy, and staff to repay them for expenses they paid on behalf of the Church. Check requests must contain a receipt, invoice, bill, or other official documentation of the expense. These forms are available in the Church office. Every request for payment, with the exception of recurring expenses such as utilities, must be given to the Finance Manager with a completed check request form or stamped for payment. A budget line item

must be stated on each request, and only the Ministry Chairs, can provide final approval for a check request. No one can approve a check request for themselves.

Non-budgeted purchases

The Senior Pastor has discretionary ability to make non-budgeted purchases up to \$500 without prior approval by the finance committee or the trustees. Any non-budgeted purchase of a good or service above \$500 requires a detailed purchase requisition or statement supporting the request.

The information required is as follows:

- Definition of the need for the good or service (why)
- Identification of the goods or service (what is needed)
- Requested delivery date
- Approximate cost
- Listing of competitive bids sought (if applicable)
- Line item that money requested will have to come from

Capital Purchases

Any purchase of property that exceeds \$2,500.00 must be approved by the Church Trustee Committee and funded either through the Trustee Funds Account, Capital Fund Account or included in the Operating Budget of the Church as approved at Charge Conference.

Guidelines for using the Church VISA Card

The VISA card is currently through Chase Business Card Services. The primary card holder is the Senior Pastor. Other cardholders are the Church Secretary and Treasurer/Finance Manager. All VISA/credit card purchases must be documented at the time they are made. This can be accomplished by completing a Credit Card Transaction form, attaching the original receipt and writing the line item (chart of accounts) number (and class), description and purchaser's name on it. This must be turned into the Treasurer/Finance Manager's office on the next business day following any purchase.

Receipt and Payment of VISA/Charge Cards Bills:

Once the credit card bill is received, the Finance Manager will pay the bill in a timely manner. The purchases are then posted into a spreadsheet with line items totaled. A copy of this sheet is made for the office file. The Treasurer/Finance Manager utilizes the line item totals from this sheet for allocating the expenses in his/her financial report.

Sales/Use Tax Exemption Documentation Required

With very few exceptions, purchases on behalf of the Church should be made through vendors with whom we have established an account and have provided tax-exemption documentation. Tax Exempt forms are available in the Church office. Utilizing our tax exempt status saves the Church money.

Fund Management

Designated funds are those monies received for which the donor specifies the use of the funds. Designated funds are kept in the general operating budget and accounted for in the monthly financial statement of the Church.

Designated Fund Requirements

The Book of Discipline (BOD) of the United Methodist Church, 2012, states that —Contributions designated for specific causes and objects shall be promptly forwarded according to the intent of the donor and shall not be used for any other purpose. || [¶259.4.e] The goal of the finance committee is that this policy meets the spirit and intent of the BOD mandate.

Three Types of Designated Funds

There are three types of designated funds – solicited, unsolicited, and memorials.

- Solicited designated funds are those for which there is a congregation-wide effort to request and collect funds for a special project or purpose.
- Unsolicited designated funds are those funds that have been given for a specific purpose by an individual contributor, but no approved campaign is in progress.
- Memorials are those contributions that are given in memory or in honor of someone. Receipt, accounting, and disbursement of these types of funds are covered in a separate policy.

Each of these types of designated funds are collected, accounted for, and disbursed using the following guidelines.

Solicited Designated Funds

Solicited Designated Funds include those activities and items approved by the Senior Pastor and/or the Administrative Council as well as those special offerings requested by the District or Conference Offices. Any request for solicitation of designated gifts should be accompanied by a plan for disposition of excess contributions. Collected designated funds shall be given to the counters for accounting purposes, and the Financial Secretary will deposit these funds into the general account earmarked as such. This earmarked status shall state the intended purpose of the funds.

Unsolicited Designated Funds

Unsolicited Designated Funds are those funds for which no request has been made of the general congregation for contributions. Unsolicited designated funds shall be given to the counters for accounting purposes, and the Financial Secretary will deposit these funds into a general account as designated funds. This status shall state the intended purpose of the funds. In the absence of approved plans for the unsolicited designated funds, these funds shall be utilized before drawing on the general budget. The Treasurer/Finance Manager shall ensure that the funds are expended according to this policy.

PASTOR'S DISCRETIONARY AND DOLLAR FUND

A. The Pastor's Discretionary Fund and The Dollar Fund are intended to give the Senior Pastor discretion and authority, within the limits and guidelines below, to provide confidential financial support to persons in need, to mission directed programs, scholarships and/or other expenses that are not totally covered by the regular annual

budget, and may also be used to provide support to other faith based charitable organizations whose mission and purpose are consistent with the mission of the Church.

B. Funds for these accounts will come from designated giving and not budgeted funds. The funds will be deposited to, and withdrawn from, the designated Pastor's Discretionary Fund and/or The Dollar Fund line item.

C. No checks will be made out to cash. Every effort should be made to write checks directly to a merchant or agency for goods or services.

D. Senior Pastor shall have responsibility over the administration of the funds and may, in his or her discretion, authorize other staff members to make distributions on his or her behalf from the funds. However, ultimate authority and responsibility for the appropriateness of distributions remains with the Senior Pastor. No funds shall be used for the personal benefit of the Senior Pastor or any of the Senior Pastor's immediate family members.

E. A reimbursement check may be written to the Senior Pastor for expenses that fit the guidelines, but only when a receipt, invoice or signed affidavit is presented.

F. The funds are not to be used as a reimbursement account for a Senior Pastor's business expense nor to augment the compensation of, reward, or as a bonus to any full-time or part-time employed staff member.

G. Donations to the funds may not be designated to or for a specific individual.

H. Finance Manager shall maintain the requisitions submitted by the Senior Pastor on file, and they shall be available during the annual Church audit when the Pastor's Discretionary Fund account is audited along with the other Church accounts.

Contribution Statement Policy

The Financial Secretary is responsible for producing and providing contribution statements. The statements are printed from the Church database. Contribution statements are sent four (4) times a year. The statements have to be printed, folded and ready for the volunteers to mail on the following dates:

- April 1
- July 30
- October 30
- January 30

The wording on the statements is approved by the Senior Pastor.

A message (letter) is usually sent out with the contribution statements. This message is written by the Senior Pastor. The Financial Secretary is responsible for insuring that this policy is carried out. Any and all cost incurred will be included in the finance committee's budget each year. The Finance Manager will order supplies as needed for the finance team, relying on the direction of the Financial Secretary.

Once the statements have been mailed, it is not unusual for the Financial Secretary to receive a call or two for errors of some kind. If the caller is asking for a contribution to be listed that was not on their statement, they need to provide the Financial Secretary with the amount of the check, the check number and the date it was given. The Financial Secretary will need to check the teller's sheets from that day to see why the offering was not recorded. If we are unable to locate a member's contribution on a given date, it is our policy to credit the member's contribution to their account if they have provided the appropriate information.

The Church sends statements at least four times a year to regular contributors, but one-time contributors will only receive their statements at the end of the year. The Financial Secretary should let the Pastor know of any non-pledged contributions that are received over the amount of \$500. This gives the Pastor the opportunity to write a note of thanks in addition to the statement that is mailed out.

The IRS has set guidelines for what can be claimed as a donation and what cannot. If anyone receives anything in return for a donation, such as luncheon tickets, or a book for a study program, these cannot be listed as donations, with the exception of that amount of the donation that exceeds the fair market value of the object or service purchased.

Mission trips on the other hand can be claimed under most circumstances, and it is important to record all monies received from anyone going on a mission so that they can receive a contribution statement. Donations of altar flowers can be considered as a charitable contribution.

When someone requests a contribution record for something they have purchased for the Church, such as lumber, paint, etc., a copy of the receipt must be received and copied for our permanent file. The amount is then added to their contribution statement under the fund heading of receipts. When a person makes a donation of property, the person is sent a thank you in the form of a donation letter. It is up to the contributor to assign monetary value to that gift for tax purposes.

Independent Ministries

Donations to the named ministries below do not come through the regular Church offering system, but should be given directly to the designated finance person of that ministry and cannot be processed through our database. The named ministries below are responsible for supplying statements for the contributions they have received.

- United Methodist Women
- Experience Celebration

Guidelines for handling money in the Church office

Anyone who receives money in the office must have a background check and should be bonded. Any money that is received loose has to be placed in the appropriate envelope. There is a receipt book (in duplicate) to document these receipts.

Petty Cash Accounting

When cash funds are expended on small purchases (with a prior approval by the Finance Manager), the purchaser brings the purchase receipt to the Finance Manager. The Finance Manager then disburses the amount of cash spent to the purchaser to compensate for the purchase. The Finance Manager also fills out a petty cash voucher, asks the purchaser to sign it, attaches the purchase receipt to the voucher and places them in the secure lock box with the remaining petty cash. Sometimes the purchaser who needs petty cash receives it from the Finance Manager before making a purchase. In this case, the Finance Manager fills out a petty cash voucher, asks the purchaser to sign it and gives necessary amount of cash to the purchaser as an advance. After the purchase is made, the purchaser brings back the purchase receipt and change. The Finance Manager adjusts the original voucher to reflect the change received, attaches the purchase receipt to it and places both in the secure lock box with the remaining petty cash. The petty cash vouchers serve as proof of cash spending or purchase advances to anyone in case a Manager or internal auditor makes an unannounced audit of the petty cash fund. The vouchers also serve as documentation showing what expenditures were made with petty cash and are used to prepare the petty cash journal entry when the fund is replenished.

Fund Raising Policy

The objective of fundraising activities held at Jones Memorial United Methodist Church, or sponsored by the Church, is to encourage alternative ways to financially support outreach and missions of our Church. Before a fundraising activity is held at or sponsored by the Church can take place, the activity must be reviewed and approved by the Finance Committee. All receipts from an approved fundraising activity will be given to the counters for appropriate deposit. A detailed record of revenue and expenses will be recorded for each event and accounted for in the Finance Manager's report.

For all approved fundraising activities, committees and groups must adhere to written guidelines detailing the appropriate use of Church facilities. In fairness to our members and constituents, Church sponsored fundraising activities cannot be a vehicle for promoting the business of individual Church members or constituents to the exclusion of others. Therefore, proposed fundraising activities where a specific individual or individuals have

the opportunity to make a profit on items sold, or otherwise promote their individual businesses, will not be approved. This limitation does not include events such as craft fairs, where any interested member or constituent can participate in the fundraising activity. Actual approval needed for requested dates, or use of a particular room, or building use policies is up to board of Trustees or the Church management.
